The screenshot shows the EURAXESS Services website in a Microsoft Internet Explorer browser window. The address bar displays the URL: [http://ec.europa.eu/euraxess/index\\_en.cfm?l1=0&l2=2](http://ec.europa.eu/euraxess/index_en.cfm?l1=0&l2=2). The browser's menu bar includes File, Edit, View, Favorites, Tools, and Help. The address bar also shows the page title: "European Commission Euraxess > Services".

The website content is organized into several sections:

- Navigation Menu:** Located on the left, it includes links for Home, Jobs, Services (highlighted), Rights, and Links.
- EURAXESS-The European Services Network:** A central section describing the network of over 200 centres across 35 European countries. It states that EURAXESS Services can assist with every step of a move, from the home country to the new one, removing red tape and making life easier. It offers comprehensive, up-to-date information and customised assistance on all matters relating to professional and daily life. A team of well-informed staff is available at each EURAXESS Services Centre.
- Search Services:** A section with two dropdown menus for "Subject" and "Country", both set to "All". A "Search" button is located below the menus. To the right of this section is a graphic of yellow circles connected by lines, resembling a network or molecular structure.
- Research Policies, Newsletter EU4R, Download Brochures:** A vertical list of links on the right side of the page.
- National Services:** A section at the bottom featuring a large graphic of a map of Europe composed of yellow dots.
- Success Stories:** A section titled "Success Stories" featuring a small image of a woman and a child. The text describes Paula Alexandre, a Portuguese national who did her PhD in Paris, France, and moved to the UK with her partner, Bruno, and young daughter to start a post-doc at the University College London. As soon as Paula arrived in London, her family started to benefit from the newly opened EURAXESS Services centre tremendously. A "More" link is provided below the text.

## Recommendation on the « *European Researchers' Charter and Code of Conduct for the Recruitment of Researchers* »

adopted by the Commission on 11 March 2005

<http://europa.eu.int/euraxess/europeancharter>

- Huge differences in career structures in European countries
- Fragmentation at local/regional/national level
- Protected, if not closed, non-transparent recruitment procedures
- Lack of career development prospects

- « **Charter** » as reference point for the career management of researchers as professionals, addressing both researchers and employers/funders on minimum rights and obligations
- « **Code of Conduct** » as reference point for transparency and merit based recruitment, fair recognition of qualifications and mobility experiences
- Implemented by MS and other actors on a voluntary basis

- EURAXESS-Links (former ERA-Link): to network European researchers so that they maintain their links in Europe and promote cooperation and brain circulation;
- European researchers represent a patrimony of knowledge and experiences;
- EURAXESS-Link should be the forum for European researchers which will enable them “to have a seat” when negotiating future S&T projects.
