Motivation

Research communities in the Region
are not sufficiently aware of the opportunities offered
by the Framework Programmes of EU

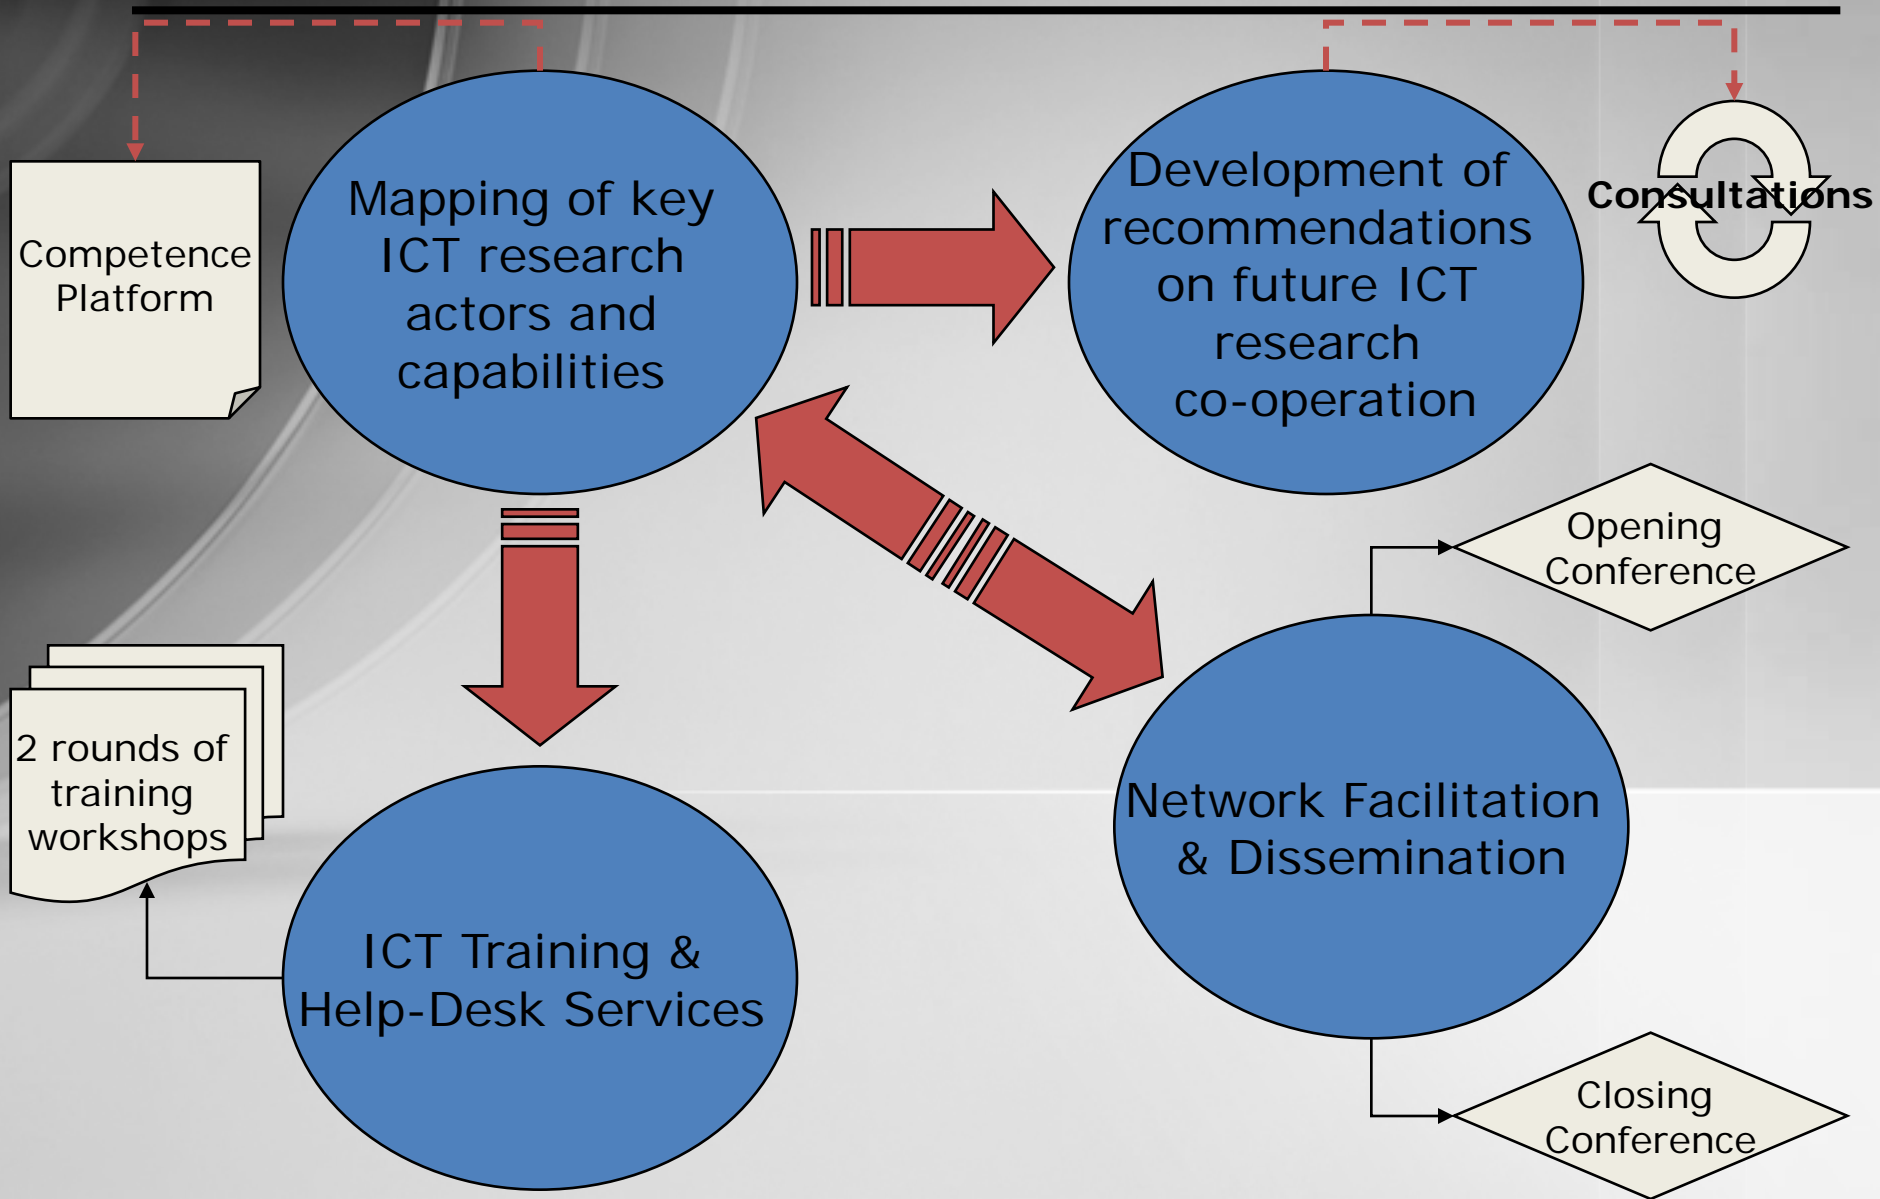

Very low participation rate
of the Eastern Europe and the Southern Caucasus countries
in the ICT work-programme

Objectives

- Mapping of ICT research landscape of EECA countries
- Familiarization of EECA stakeholders with EC's cooperation framework and culture
- Facilitating successful participation of EECA ICT stakeholders in EC programmes
- Bridging EECA countries' and EC's agenda on ICT cooperation for the future

Activities

ICT stakeholders landscape

- **Aim:**
 - To identify suitable/promising ICT research actors for future collaboration in the context of the FP7 ICT work-programmes.
 - To map the capabilities and needs of the identified ICT research actors
- **Method:** Interviews with candidate organizations using a specially designed questionnaire
- **Target:** 80-100 actors from EECA countries
- **Result:** Landscape of key ICT research actors and their capabilities

Consultations

- **Aim:**
 - To consult key ICT research stakeholders on the ICT research priorities of Eastern Europe and the Southern Caucasus that reflect the actual readiness and needs of the region.
 - To develop recommendations on future ICT research co-operation between the EU, Eastern Europe and Southern Caucasus for the period 2010-2015.
- **Method:** custom-made and well-tested consultation methodology
- **Target:** Six consultation workshops to be organised with key ICT Research Stakeholders targeting 15-20 stakeholders per country
- **Result:** recommendations on ICT research co-operation

Training Workshops

- **Aim:** to assist identified ICT research actors
 - to become familiar with the procedures and opportunities for co-operation in the ICT programme
 - to acquire know-how on identified areas suitable for future EU-EECA cooperation
- **Method:** workshops
- **Target:**
 - eight ICT Training Workshops (2 per country)
 - targeting 20-30 ICT research actors per country

Help-Desk

- Aim: To provide guidance and support related to procedures for participation in the ICT programme
- **Basic Services**
 - A: Proposal preparation
 - B: Idea evaluation
 - C: ‘Making it understandable’
 - D: Coaching
 - E: Teleconference /Video Chat forum

Expected Impact

- Formation of strategic partnerships between the EU, the Eastern Europe and the Southern Caucasus countries.
- Wider diffusion of information society in the Eastern Europe and the Southern Caucasus countries.
- Spreading excellence, exploiting results, disseminating knowledge.
