

# InJoy&Train

**FUNDED BY THE EUROPEAN COMMISSION – DIRECTORATE GENERAL  
FOR RESEARCH  
6TH FRAMEWORK PROGRAMME, FOOD QUALITY AND SAFETY  
PRIORITY**

## **InJoy&Train Overview**

*East European Co-operation Network for  
International Joint Training in FP6/FP7 Food,  
Agriculture and Biotechnology for EU-Kazakhstan-  
Russia-Ukraine-Armenia-Belarus Countries*

- SSA – Specific Support Action
- Start date of contract: 1st of January 2006
- Duration of contract: 24 months

## InJoy&Train: Partnership

### 9 Partners from 9 Countries

	ITALY (coordinator)		RUSSIA
	HUNGARY		BELARUS
	GREECE		KAZAKHSTAN
	THE NETHERLANDS		ARMENIA
			UKRAINE

## InJoy&Train: Objectives

- **Creation of a pro-active network** of researchers, multipliers and SMEs in Russia and NIS Countries
- **Capacity building** of Russian and NIS partners as well as the researchers, multipliers, and SMEs in the countries involved
- **Raising awareness in Europe** of skilled and potential partners from Russia and NIS Countries in the themes “Food Quality and Safety“ (FP6) and “Food, Agriculture and Biotechnology“ (FP7)

ПИТАНИЕ

Food quality & safety

InJoy&Train

- A printed catalogue of researchers, multipliers and SMEs from KRUB countries
- A virtual forum, available at the project website, for assisting the networking of EU and KRUB researchers
- A partner search facility available at the project website
- Quarterly electronic newsletters on issues of interest to project participants, distributed to registered users of the website

*The facilities offered by the project website can be used upon free registration. The languages of the website are English and Russian.*

# InJoy&Train

East European Co-operation Network for International Joint Training in FP6/FP7 Food Quality and Safety for EU-Kazakhstan-Russia-Ukraine-Armenia-Belarus Countries

April 2006  
Issue #1

## Project Overview

**In this issue**

Project Overview	1
InJoy & Train Activities	1-2
Kick-off Meeting in Moscow	2
EU-Russia Biotechnology Symposium	2
Project Coordinator Profile: APRE	3
Partner Profile: HSTF	4
Partner Profile: Bioinnovation and Food NCP	5
Armenia: Food, Agriculture, Biotechnology Country Profile	6-7
Visiting Winter Moscow	7
InJoy&Train Web Site	8

**Project consortium**

**Coordinator**

- \* APRE, Italy

**Partners**

- \* ETAT, Greece
- \* HSTF, Hungary
- \* SenterNovem, The Netherlands

*InJoy&Train* is a 24-month Specific Support Action, which aims at improving the participation of researchers, multipliers and SMEs from Kazakhstan, Russia, Ukraine, Armenia and Belarus in the "Food Quality and Safety" priority of the 6th Framework Programme (FP6) and the "Food, Agriculture and Biotechnology" (FAB) priority of the 7th Framework Programme (FP7).

ties of KRUAB countries in the relevant fields in EU countries

- \* Organise awareness and training activities

*Teams from Italy, Greece, Hungary, the Netherlands, Armenia, Belarus, Kazakhstan, Russian Federation, and Ukraine joined their efforts in the project*

*InJoy&Train* will improve national expertise on the EU's Framework Programmes and its instruments in Kazakhstan, Russia, Ukraine, Armenia and Belarus (KRUAB countries). The project will:

- \* Provide for information exchange in FAB research areas
- \* Promote competences

- \* Provide assistance in FP7 project proposals preparation in FAB priority.

Researchers from KRUAB countries will receive advice, assistance and information

support for participating in calls under FAB priority of the FP7 'Cooperation' specific programme.

*InJoy&Train*, through the **networking of multipliers**, will prepare research community in the KRUAB countries for participation in the next Framework Programme.

The project will increase the flow and dissemination of information regarding priorities "Food Quality and Safety" (FP6) and "Food, Agriculture and Biotechnology" (FP7) within Russia + NIS INCO target countries, help raise awareness on FP issues among researchers in KRUAB countries, and will help reach out to potential partners from academia and industry for FP7 future project proposals.

### ORGANISATION TYPE

SME
  Research
  Multiplier

**Organisation Type \***

- Private Research Organisation
- Public Research Organisation
- Private High Education School / University / Insitute
- Public High Education School / University / Insitute
- Other (please specify below)

**Description of the Organisation \*** ): IRB NASB is the main R&D institution in the National Academy of Sciences of Belarus which carries out research of injure radiation for human, flora and fauna and natural environment. Biological research is aimed at studying the low dose effects so as acute irradiation on metabolic balance, endocrine and reproductive system abnormalities and their correction, estimation of organ radiosensitivities. Special task is development of radioprotectors for organism. Chemical and ecological research is performed for estimation of dynamics radionuclide distribution and migration in trophic chains and prognosis of self-clarification of land and water ecosystems as well as flora, fauna from radionuclide contamination. The Institute develops recommendations on protection of biological species of flora and fauna in radionuclide contaminated territories.

### EXPERTISE / COMMITMENT OFFERED

<b>Description of the Expertise</b>	Department of Biochemistry has got an expertise in the following areas: blood and tissue biochemistry, cytology of blood cells, genetic factors of genome stability, genes expression, proteomics, enzyme kinetics.
